

TO OSHKOSH TRUCK EMPLOYEES: THANK YOU

As many of you probably know my family and I had a house fire the Friday after thanksgiving. Our home will have to be torn down and we were only able to salvage a few personal items. It has been a devastating loss for all of us, not only did we lose our home but most all of our personal possessions as well. We all have had a hard time adjusting to living in a different home and having none of our own stuff. However we have been incredibly overwhelmed by the amount that was donated to us. All of the clothes, blankets, toys, books, household goods and the money donated was more than we ever could have expected, and brought my wife and I to tears. It meant so much to us to see are kids smiling faces when we showed them the toys and books that were given to them. Their spare bedroom that was almost bare with toys is now overflowing. And the blankets that were handmade for them made them feel so special and keep them both warm at night. We can not express in words how grateful we are to all of you for everything. We feel blessed knowing that God was watching over us as we were not there when it happened. And we feel blessed to have so many caring people in our lives.

Thank You
