

Worker's Compensation

What to do when a work related injury occurs.

1. Report the work related injury, no matter how slight to a Steward and First-Aid Representative. Did anyone witness the accident? Get written statements from witnesses.
2. It is your right to choose any doctor or treatment center for medical treatments or concerns that are within a 100-mile radius.
3. Cooperate, but do not give ANY recorded statements, verbal or written to insurance carriers, or the Company without your Union Representative.
4. Keep copies of ALL medical and doctors' orders and restrictions as well as insist on the incident report in writing.
5. Follow doctor's advice and work only within your restrictions.

Direct questions regarding work related injuries or related questions to the Union at (920) 231-5153 or Union attorney's Gillick, Wicht, Gillick & Graf at (800) 942-2880.
